What is a Super CE Program?

Super CE is a combination of two (2) approved CE courses:

1. **Classroom course:** 1-hour instructor-led
2. **Correspondence/self-study course:** provides up to 21 hours of state insurance CE and 5 or 10 hours of professional designation CE

Super CE is designed to expand advisors' knowledge on a specific subject and prepare them to take the correspondence/self-study course examination.

By participating in Super CE, advisors are generally able to earn more CE credit for the time they invest than would otherwise be available through participation in traditional classroom and online offerings.

How a Super CE Program Works

Prior to the Super CE program, advisors will pre-register online and download the approved correspondence/self-study course materials. Advisors are required to read and review the course materials before attending, to prepare for the examination given at the conclusion of the program. In order to receive CE credit, advisors must receive a passing grade of 70% or higher on the examination.

Why Super CE Adds Value

- Showcase instructors' knowledge, presentation skills and sales ability
- Position your company's strategy, product solutions and value-added programs
- Assist advisors in meeting their mandatory CE requirements
- Increase meeting attendance and leverage your time
